Comments from Stakeholders

Open House at the Shingleton field office January 15, 2008 – 7 visitors came to view maps and data and discuss prescriptions with staff. Staff made a written comment based on discussions with multiple attendees.

Comments were provided by:

- Comment from Doug Miron regarding opening maintenance along Adam's Trail from Nugent Lake Road back to Kingston corners. The concern was recent opening maintenance had made snowplowing difficult along the Adam's Trail because of the lack of a wind break.

Comment from Bill Rautanen – Expressed the same concern as Doug Miron and asked if it was possible to establish a wind break (by planting a couple of rows of trees) along the Adam's Trail in select areas to prevent snow drifting.
